

ARTIST  
IN  
**RESIDENCE**  
MUNICH

VILLA WALDBERTA  
EBENBÖCKHAUS

Landeshauptstadt  
München

in cooperation with:

**Call for applications:  
Poet-in-Residence, Villa Waldberta / Lyrik Kabinett, Munich**

**Application Deadline: 14 January 2022**    **Deadline extended to 24 January 2022**  
**Period of Residence: 5 July until 28 September 2022 (1 residency position)**

The Munich-based Stiftung Lyrik Kabinett poetry library and ARTIST IN RESIDENCE MUNICH, Villa Waldberta, are offering a joint three-month poet-in-residence position.

The poet-in-residence will be based at Villa Waldberta and will work on a writing project, translation project or poetry-related theoretical project, making use of the collections held at the Lyrik Kabinett poetry library. Theory-based proposals are expected to explore discursive approaches in a broader sense rather than follow strictly academic purposes. With view to increasing the public visibility of poetry and furthering local exchange, the resident writer agrees to give a reading, workshop, or seminar at Lyrik Kabinett. They also agree to participate in at least one public event held at Villa Waldberta.

**Lyrik Kabinett**

The poetry library Lyrik Kabinett ([www.lyrik-kabinett.de](http://www.lyrik-kabinett.de)), situated in proximity to Munich's LMU University, runs the second-largest library specializing in poetry in Europe. Its current stock of around 67,000 items embraces German-language and international poetry from all periods. We systematically collect a selection of poetry publications and literary criticism, but not secondary literature in a strictly academic sense. Furthermore, we hold a collection of valuable rare artists' books (ca. 3,000 volumes and objects).

**Villa Waldberta**

Villa Waldberta in Feldafing at Lake Starnberg ([www.air-m.de](http://www.air-m.de)) holds five apartments (for a total of five to seven guests at any one time). Additionally, salons on the ground floor are suitable for joint activities between the artists-in-residence and are regularly used for events. The grounds include a large park, the Chauffeurshäusl (hosting another apartment) and the Palm House, a 70 m<sup>2</sup> studio that can be used as a workspace and for exhibitions and events.

**Stipend**

The writer-in-residence will receive a monthly stipend of €1200.- and rent-free accommodation (incl. their own kitchen and bathroom) by the City of Munich; they will be reimbursed for the

use of a monthly pass for public transport in Munich. Travel costs to and from Munich (economy / 2nd class) will be covered by Lyrik Kabinett, and the resident writer will receive a fee for the reading, workshop, or seminar given at Lyrik Kabinett.

### **Application**

Applicants should have good written and spoken command of English or German. Please submit your application in English or German as a pdf document to [l.jeschke\[at\]lyrik-kabinett.de](mailto:l.jeschke@lyrik-kabinett.de) by **14 January 2022 (Please note that the deadline for application has been extended to 24 January 2022!)**, including the following components (max. 2 pages each):

- artist's statement incl. project description (mentioning the project's relation to Lyrik Kabinett holdings; please see our catalogues: <https://www.lyrik-kabinett.de/en/library/catalogue/>),
- bio incl. list of publications (minimum requirement one book or two chapbook publications),
- sample of work.

Please do not include an application photo. We welcome submissions by applicants of all nationalities, religions, sexual identities, age groups and social backgrounds. The Villa Waldberta residences are not wheelchair-accessible.

### **Jury and selection process**

The selection is made by a committee consisting of representatives of Lyrik Kabinett and ARTIST IN RESIDENCE MUNICH. Applicants will be notified by mid-February 2022.

### **Covid-19 pandemic**

We reserve the right to modify these conditions or cancel the project in response to developments in the Covid-19 pandemic.

### **Data protection and email communication**

Your data will be used in accordance with the applicable statutory regulations. Please be aware that our email systems are unencrypted and we are therefore unable to rule out security vulnerabilities.
